

# Ten Beautiful Things

WOW Meeting  
February 8th 9:30 a.m.  
with Sandy Argas

Some children's books are written just for kids, some are really written for adults. And, then, there are a few special stories that are written for children and adults. "Ten Beautiful Things" is one of those books. It touches on meaningful, poignant themes which will lead us to a rich discussion.

Please bring a journal-some brief writing will be included.
